The insurance public are closely scrutinizing the financial management of our still solvent Insurance Companies. It is constantly repeated that some of the most prominent Companies are borrowing largely from the future, and it is said that the unusual delay in adjusting claims arises from the necessity of accumulating premium receipts to pay losses.

Whether or not these things be so, it afforded us true pleasure to be convinced that one company at least has taken steps to pay its losses in full, without impairing its cash capital surplus before the Chicago fire, or using its present premium receipts, which may be needed to pay inture losses. Its Board of Directors made, on October 16th, an assessment upon the stockholders, to be paid in sixty days, sufficient to pay every dollar lost in Chicago, and already half of the assessment has been paid before maturity. The stockholders number 375, and we are informed by parties not belonging to the company, are all wealthy men in Central Ohio. For such honorable conduct and correct financial management, we praise the Home Insurance Company of Columbus, Ohio, This action commends the company to the public as a desirable one in which to place insurance.—Chicago Evening 2011. New Grand Conservatory

To The Public!

By a New Method of Life Assurance, which applies the Tontine principle to the distribution of dividends, and which, by allowing the assurance dosell his policy to the Company only after stated periods, results more favorable than any hitherto experienced may be enjoyed by persons possessed of constitutional longevity, who may keep their policies in force until the middle or latter part of their lives.

MUSICAL INSTRUCTION WILL BE GIVEN in accordance with the principles of
the New System of Vocal Culture by Dr. Henry
SUTTER, and also with those of the New Classical
System for the Piano Forte, introduced by the
same author. These methods are the same as
those adopted in the best Musical Conservatory is
the only institution at the present time in the
United States where those desiring to study Music can avail themselves of the same methods as
those enjoyed at Leipsig. THE NEW TONTINE SAVINGS FUND POLICY Is based on the above conditions, and presents the following distinguishing features, which are illustrated by a Calculation of Probable Results on a policy of Ten Thousand Bollars, at Ordi-nary 1.ife Rates, age 37, annual premium \$281.70 will be given to the instruction of those who purpose becoming Teachers, or who intend to take part in Church, Opera or Concert Singing.

To all who desire to obtain a Thorongh Musical Education, the present opportunities are such as to commend themselves to every one. Situated in one of the most beautiful villages upon the Western Reserve, only an hour's ride distant from Cleveland, surrounded by a country abounding in pleasant drives and picturesque scenery, with a full and competent corps of instructors, the Conservatory presents advantages which place it far in advance of any other similar institution.

Pupils can obtain first-class Board and accommodation by applying, either by letter or personally, to the Director, Dr. Henry Sutter.

Pupils who board in the Conservatory, (Director's Family,) one term, ten weeks, three studies, eventy-five dellars, including instruction, use of instruments, etc. Two terms, one hundred and fifty dollars. One year's course, four terms, two hundred and seventy-five dollars. German and French, one term, ten dollars. Pupils can enter at any time. The pupils boarding in the Conservatory have five lessons per week in each lessons per week. The charge for tuition is one-half less than in any similar First Class Conservatory in the United States, as Dr. Sutter in-First-Sale of Policy to the Company, At the end of 10 years At the end of 15 years At the end of 20 years ... 201 per cent. of SECOND-PAID UP POLICY.

At the end of 10 years. At the end of 15 years At the end of 20 years THIRD-AN ANNUITY. At the end of 15 years the profits will Extinguish THE ANNUAL FREMIUM, and, with the subsequent Annual Devidendt, will purchase a yearly income of 173 30 SHEPPARD HOMANS. Consulting Actuary.

Persons intending to assure their lives will find it to their advantage to examine this new plan with care. Documents, giving full partic-ulars of the rules of the Company with regard to the issue of the above Savings Fund policy, extended tables of rates, and other interesting matter, may be obtained by application to Equitable Life Insurance Society.
